DEMENTIA, DEVELOPMENTAL NEUROPATHOLOGY AND SCHIZOPHRENIA SATELLITE MEETINGS
31 AUGUST - 2 SEPTEMBER 2000

The common first session of the Satellite Symposia will commence at 2.00 pm on Thursday 31 August 2000.
The provisional programme is as follows:

2.00 – 3.00	**Jeffrey Golden** (Pennsylvania School of Medicine) Developmental neurobiology – 1
3.00 – 4.00	**Colin Blakemore** (Oxford) Developmental neurobiology – 2
4.00 – 4.30	Tea
4.30 – 5.30	**Thomas Arendt** (Leipzig) Dementia in the context of developmental neurobiology

The provisional programme for the rest of the Dementia Symposium is as follows:

Thursday 31 August 2000

Developments in the last five years (1)

5.45 – 6.25	**Albert Hofman** (Amsterdam) Developments in Epidemiology
6.25 – 7.05	**Simon Lovestone** (Institute of Psychiatry, London) Developments in genetics

Dinner – St Anne's, followed by a song recital by Juliet Oppenheimer

Friday 1 September 2000

Developments in the last five years (2)

8.30 – 9.10	**John Trojanowski** (Pennsylvania School of Medicine) Developments in cell biology
9.10 – 9.50	**Donald Price (Johns Hopkins School of Medicine)** Developments in animal models
9.50 – 10.30	**Paul Ince** (Newcastle) Update on dementia with Lewy bodies
10.30 – 11.00	Coffee
11.00 – 11.40	**Mark Smith** (Case Western Reserve School of Medicine) Apoptosis and dementia
11.40 – 12.20	***Speaker to be confirmed*** What have longitudinal clinico-pathological studies taught us about dementia?
12.20 – 1.00	**Raj Kalaria** (Newcastle) Update on vascular factors in dementia
1.00 – 2.00	Lunch

A look forward

2.00 – 2.40	***Speaker to be confirmed*** A cell biologist
2.40 – 3.20	**Gordon Wilcock** (Bristol) A clinician
3.20 – 4.00	**Keith Johnson** Diagnostic tools for the future
4.00 – 4.30	Tea
4.30 – 5.10	**Colin Masters** (Melbourne) Energy generation, free radicals and dementia
5.10 – 5.50	**Tom Kirkwood** (Newcastle) Theories of ageing and their relevance to dementia
7.30 for 8.00	Dinner, Somerville College

Saturday, 2 September 2000

9.00 - 12.30	Free communications - Chair: **V M Lee** (Pennsylvania School of Medicine) Contributions from young speakers are particularly welcome, each with 15 minutes followed by 5 minutes discussion. Please fill in an **abstract form** and return it with your **registration form**.
12.30 – 1.00	General discussion with rapporteur, **Professor J Edwardson**, Newcastle, on report about the meeting to Congress.
